Intro/Verso: A, G

Solo: E, C, D

The storm has come, we all are here
Inside this dump made by you and me
We've gotta run, be away from the flood
Wipe all your tears there's no time to surrender
What's wrong? What's wrong?

We won't be here forever
Why wasting time with what's gone
Inside us hell an' heaven
We are all one, we're the oversoul

The nights are long, the days are painfull
People around me, why am I feelin' alone?
They say don't look outside, feeling so dumb, feeling so blind
What's wrong? What's wrong?

We won't be here forever
Why wasting time with what's gone
Inside us hell an' heaven
We are all one, we're the oversoul...uoooo Oversoul
uoooo Oversoul uo-o-o-o uo-o-o-o ooo-oo-oul

Solo

We won't be here forever

Why wasting time with what's gone

Inside us hell an' heaven

We are all one, we're the oversoul

Oversoul, Oversoul

Oversoul, Oversoul!!
