

I Dreamed a Dream

Les Misérables

Composição de: Alain Boublil / Herbert Kretzmer / Claude-Michel Schönberg /
Jean-Marc Natel

Tom: **B**

Afinação: **E A D G B E**

[Sugestão - Ritmo Padrão] 70 bpm

[Intro]

B

There was a time when men were kind

When their voices were soft

E/G#

And their words inviting

B7

There was a time when love was blind

G#m

And the world was a song

A

And the song was exciting

B

There was a time

Then it all went wrong

(**B B/A# G#m B/D# E E/Gb**)

[Primeira Parte]

B

B/A#

G#m7

G#m7/Gb

I dreamed a dream in time gone by

E **E/D#**

When hope was high

C#m7 Gb7(13) Gb

And life worth living

B **B/A#**

I dreamed that love

G#m7 G#m7/Gb
Would never die
E E/D#
I dreamed that God
C#m7 Gb7(13) Gb
Would be forgiving

B B/A# G#m7 G#m7/Gb
Then I was young and unafraid
E E/D# C#m7
And dreams were made and used
Gb7(13) Gb
And wasted

B B/A# G#m7 G#m7/Gb
There was no ransom to be paid
E E/D#
No song unsung
C#m7 Gb7(13) Gb
No wine untasted

[Segunda Parte]

G# G#/C C#m
But the tigers come at night
G# C# C#/F
With their voices soft as thunder
Gb Gb/A# Bm
As they tear your hope apart
Gb Gb7 B
And they turn your dream to shame

(**C#m/B B E/B Gb**)

[Terceira Parte]

B B/A# G#m7 G#m7/Gb
He slept a summer by my side
E E/D#
He filled my days

C#m7 Gb7(13) Gb
With endless wonder
B B/A#
He took my childhood
G#m7 G#m7/Gb
In his stride

E **Gb7(13)** **Gb**
But he was gone when autumn came

(**B** **B/A#** **Gbm6/A** **G#**)

[Quarta Parte]

C# **C#/C**
And still I dream
A#m7 **C#/C**

He'll come to me

Gb **C#/F**
That we will live

D#m7 **G#7(13)** **G#**
The years together

C# **C#/C**
But there are dreams
A#m7 **C#/G#**

That cannot be

Gb **C#/F**
And there are storms

D#m7
We cannot weather

(**G#7(13)** **G#** **C#** **C#/C**)

[Final]

A#m7 **C#/G#** **Gb** **C#/F**
I had a dream my life would be

D#m7 **Gb/G#** **G#** **C#**
So different from this hell I'm living

C#/C **A#m7** **C#/G#**
So different now from what it seemed

Gb **G#**
Now life has killed the dream

C#
I dreamed

(**C#/C** **A#m7** **A#m7/G#** **Gb** **G#** **C#**)
